

- There will be a **public vote on January 22, 2019** for the proposed sewer district at the **Great River Fire House**, 108 River Road, Great River, NY 11739, **between 6:00 am and 9:00 pm**. Absentee ballots are available, see www.cssewers.net for details.
- At **no cost** to the homeowner the private property construction includes, low pressure pump station installation, installation of sewer lines, abandonment of old septic tanks/cesspools, electrical connection and property restoration.
- Construction is **100% funded** by grants. If the project is not approved by the voters the grant funding **will be lost**.
- Annual costs to residential homes, with an assessed value of \$65,300 are as follows:

Charges	Costs
Debt Service	\$119
District O&M	\$635
Total	\$754

- The low pressure pump stations provide capacity for limited use in the event of a power outage. Additionally, the low pressure pump station control panels are **equipped with a generator receptacle**. The low pressure pump stations will return to normal operation when power is restored.

**INFORMATIONAL MEETING JANUARY 16th at 7:00 PM at
TIMBER POINT ELEMENTARY SCHOOL**
